RE: Letter #7 – Possible Exposure to Youngsters in YMCA Program

Dear Parents/Guardians:

Although I was hoping that this message would not be necessary, we have just been notified by state authorities that the individual who had contact with the YMCA aftercare program last week has tested positive for COVID-19. The NH Department of Health and Human Services has requested contact information for parents of children who attended the program on Monday (3/9) and/or Tuesday (3/10). We will work with the YMCA program to provide this information based upon their attendance sheet. The NH DHHS will be contacting those parents directly. They have requested that parents keep children who attended the program on these dates at home until they make contact with you.

It is times like these that challenge our ability to remain strong and positive. However, our response must be one of collaboration and cooperation as we navigate and respond to the challenges before us. We will need each other as we move forward.

All questions regarding the impact COVID-19 has on SAU #82 and Chester Academy should continue to be sent to me at lockwoodd@chesteracademy.org. I will continue to respond to your questions in a timely fashion with the information that I am provided. Please do not hesitate to contact me.

Sincerely,

Darrell J. Lockwood

Darrell J. Lockwood, Ed.D.
